11 February 2020

Through: The Principal

Dear Parent/Guardian,

**NOTIFICATION FOR USE OF BICYCLES/PERSONAL MOBILITY DEVICES (PMDs)**

1. If your child uses a bicycle/PMD to school daily, we would like to remind you to advise your child to follow the rules of traffic when he/she does so, and observe personal safety and responsibility. Where possible, he/she should use park connectors and permitted dual-use pathways. You may use the following link to educate your child on road safety.

[https://www.lta.gov.sg/content/ltagov/en/getting\\_around/active\\_mobility/rules\\_and\\_public\\_education/rules\\_and\\_code\\_of\\_conduct.html](https://www.lta.gov.sg/content/ltagov/en/getting_around/active_mobility/rules_and_public_education/rules_and_code_of_conduct.html)

2. With effect from 1<sup>st</sup> April 2020, all motorised PMDs and electric scooters will be banned from footpaths. From 1<sup>st</sup> July 2020, those below the age of 16 will not be allowed to ride an e-scooter on public paths if they are not supervised by an adult who is at least 21 years old.

<https://www.channelnewsasia.com/news/singapore/footpath-ban-for-all-motorised-pmds-from-april-minimum-age-12390692>

3. As bike-sharing schemes become widely used in Singapore, we would also like to seek your help to educate your child on responsible use of these bicycles. Parking of these bicycles within the school compound is strictly prohibited. There are two designated parking spaces meant for bicycles within the school compound. We have advised students to park and safely secure their bicycles strictly at these two parking spaces. In view of limited parking spaces, parking lots are available on a first-come-first-serve basis.

4. The school is concerned about the safety of your child. If your child is using a PMD to come to school, please provide details to update the PMD Register on <https://junyuansec.moe.edu.sg/other-information/school-safety-information/road-safety/personal-mobility-device-registration>. The information provided will allow us to provide targeted information so that they can be more responsible road users.
