

**TEMASEK
JUNIOR COLLEGE**

26 February 2021

Mr Mohamed Razali B Abdul Hamed
Principal
Junyuan Secondary School

Dear Mr Mohamed Razali,

We are pleased to inform you that Temasek JC's Class of 2020 has obtained a sterling set of A-level results. We have achieved our best set of results in many years, including the highest number of perfect scorers as well as the highest number of students who obtained a University Admissions Score of 85 rank points or better.

It gives us great pleasure to share with you that the following students from your school have achieved outstanding results at the 2020 GCE 'A' Level Examinations:

5 or more Distinctions

- He Min
- Ong Jia Jun Clif

Your school has certainly played a key role in building a strong foundation for their success. When they joined Temasek JC two years ago, they were enthusiastic and tenacious, working hard alongside their teachers towards their goals. We are proud of their achievements, both academically and holistically and how they have developed to be responsible young leaders with integrity and compassion. Now, they are all geared up for another exciting phase of their lives as they pursue their aspirations with much confidence.

We look forward to welcoming more of your students to our College and celebrating even greater success in the near future. Congratulations!

Thank you.

Yours sincerely,

Mrs Low Ay Nar
Principal
